

## CASHNet Cashiering

How do I make "in-person" payments quickly and easily?

When your customers (students and non-students) or departments need to process in-person payments, CASHNet Cashiering streamlines that interaction into a "one step, one stop" transaction that keeps the line moving and your customers smiling.

### Cashiering Simplified

- Secure, web-based cashiering easily deployed anywhere on campus
  - Expedite walk-in and mail payments at any cashier's office
  - Quick click technology streamlines payment processing
- Research and report on all customer information from one place
  - Automatically generate reports in various file formats
  - Distribute reports electronically to your business officers
- Improve processing time
  - Multiple query fields and customizable shortcut keys
  - Automate lockbox processing
  - Check conversion and imaging
- Easy-to-install and train

### Departmental Deposits

- Web-based Departmental Deposit entry and receipting
- Paperless environment
  - Collect and capture Departmental Deposits
  - Post automatically to the financial system
  - Improve cash controls and security

### System Integration & Administration

- On-the-fly configuration options for "quick click" payment processing
- Interface smoothly across campus systems
- Tailored to match your specific campus business policies and procedures
- End-of-day balancing and reconciliation made easy

“With CASHNet Cashiering, everything is on one screen; it is very easy to see all of your information... Finding transactions...very convenient... modify your batch option selections...it is easy... balancing is user friendly...Deposits...click on the deposit number and all of the information is completed automatically. These are some of the great features the CASHNet System has and we really enjoy using it.”

Thuy Ortiz  
Cashier  
Colorado State University

The screenshot displays the CASHNet Cashiering web interface. At the top, there is a navigation bar with links for HOME, CASHIERING, SEND TRANSACTIONS, REPORTS, HELP, and SIGN OUT. Below this is a sub-header for 'Cashiering' with several buttons: Cashier, Dept. Deposit, No Sale, Void, Reprint, Refund, Batch Options, and Checkout. The main content area shows transaction details for a student named SARAH SMITH. It includes fields for Trans. No., Operator, Date, Batch No., Station, Time, Business, Effective, and Status. Below this is a table for 'ITEM CODE' with columns for Description, Balance Due, Min. Due, and Amount. A 'PARKING' item is listed with a balance due of 20.00. There is also a 'PAYMENTS TENDERED' section showing a 'Credit Card' payment of 20.00. At the bottom, there is a 'TOTAL' row showing a balance due of 20.00 and a change due of 6.88. The interface also includes a 'REPRINT SLIP' button and a 'REPAIR SLIP' button.

## Business Benefits

### Maximum Financial Return

CASHNet's "Software as a Service" model enables you to reliably forecast campus commerce costs while having continual access to the latest technological advancements without further need for additional software or hardware investments. Our hosted architecture provides broader reach, greater availability, and lower cost than any alternative strategy today, making CASHNet effective for any campus, regardless of size and mission.

### State of the Art Security

Protect your customers' financial information and personal privacy and your institution's assets and reputation with need-based data encryption, security certification and compliance, and access control. CASHNet's state-of-the-art data center provides the architecture and processes that assure an unsurpassed level of safety and availability for every element of commerce on your campus.

### Integration

CASHNet's strategic alliances and two decades of interface expertise guarantees you seamless, end-to-end integration with your institution's administrative and financial systems, whether Jenzabar, Peoplesoft, Banner, Datatel or legacy. Furthermore, we utilize our growing catalogue of tactical vendor alliances for specialized systems such as housing, dining, parking, library, events and health services to make sure that a consistent commerce solution is available at every corner of the campus.

### Deployment, Training and Support

Deployment is fast and painless. Initial and recurrent training options are aligned with your institution's policies and procedures and range from web-based to on-campus classes using real-life, hands-on exercises for users and administrators. Operational support is provided by our team of full-time, multi-lingual, Help Desk professionals.
